# Driving Instructions

**Head west on the Han River Road (this road parallels the north bank of the Han River)**

**Exit onto the Seongsan Bridge (Orange in Color); must be in right-hand lane and go under the bridge and bear right (it kind of loops around)**

**Keep going straight until you see the sign for Expressway 120; exit right**

**Stay on Expressway 120 (heading west) until you hit the Port of Incheon**

**There's a major intersection at the end of the expressway; keep going straight and turn right at the next intersection**

**At the first major intersection (I think it is the second traffic light), turn left (by now you should pick up signs for Wolmi-do)**

**Keep going straight (you will come to a flashing yellow light); don't drive over the overpass; instead, bear right (alongside the overpass) and turn left under the overpass**

**Follow this road and as it curves to the left, you will be on the causeway; this causeway leads directly to Wolmi-do Park (with the parking lot just to the left of the park's entrance)**
